- C. Fiscal years covered by the Plan: 2022-2023, 2023-2024, 2024-2025
- **D. Governance:** The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.
- E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.
- **F.** Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.
- **G.** Public Input: Public input was solicited through the local newspaper and the city's website in the advertising of the Local Housing Assistance Plan.
- **H.** Advertising and Outreach: SHIP funding availability will be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
- I. Waiting List/Priorities: A waiting list has been established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list are notified of their status at least on an annual basis. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

- 1. Very low with Special Needs
- 2. Very Low Income
- J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. **M.** Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at <u>www.floridahousing.org</u>.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- **N.** Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- **O.** Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15

years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

**P.** Administrative Budget: A line-item budget is attached as <u>Exhibit A</u>. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

**Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:** "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as <u>Exhibit E.</u>

**Q.** Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Administration of the local housing assistance plan will be wholly performed and maintained by the City of Kissimmee.	10%

Low flow plumbing fixtures, insulated exterior doors, increased insulations for walls and ceiling, higher efficiency HVAC units and programmable thermostats.

Depending on availability of funding, the City may provide funding notification to local organizations informing them of opportunities available to provide services to its special needs clients.
- W. Describe efforts to reduce homelessness: The City of Kissimmee does not receive direct funding from the McKinney Vento Act program funds; however, the City is an active participant of the Central Florida Continuum of Care. Amongst the efforts to reduce homelessness, the City of Kissimmee provides direct rent assistance and emergency rental assistance (homeless prevention) through the SHIP program. In addition, the City uses CDBG funds to pay for the cost to administer a number of local homeless prevention initiatives. The City Commission has identified as one of their goals for the upcoming years, the design and construction of a non-congregate homeless shelter.

### III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

#### A. Name of the Strategy: **Expedited Permitting**

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

The current process used to expedite permits is as follow:

1. A developer must provide documentation to the City's Housing Program staff their project has

received funding in whole or in part from federal, state, or local agencies and that a portion of the units are to benefit low and moderate income persons as defined by the U.S. Department of Housing and Urban Development.

- 2. The Housing and Community Development staff will review the documentation submitted by the developer to determine if the project meets the requirements to be considered "affordable housing".
- 3. The Housing and Community Development staff will then provide the developer with a Notification form (on bright color paper) which details the particulars regarding the project and signed by the Housing and Community Development staff.
- 4. The Notification form is then submitted by the developer or their contractor with applicable applications for building permits or development permits, which indicate that the project is a publicly funded affordable housing project and that the review process should be expedited to the greatest extent possible.
- 5. Review staff shall indicate on the forms the date of submission and approval and return the form to the Housing and Community Development staff so that they can track and report the city's efforts to implement the expedited permitting requirement.

This process has been adopted as a policy.

## B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The City of Kissimmee has established a process by which the local government considers before adopting policies, procedures, ordinances, regulations, or plan revisions if it increases the cost of housing. Land Development Code (LDC) amendments and Comprehensive Plan amendments are reviewed by the Planning Division, the Planning Advisory Board, and the City Commission. Final review and approval is by City Commission. Those responsible for reviewing proposed ordinance and policy amendments consider a variety of issues including the reason(s) why the amendment is being proposed and whether the regulations and policies within the LDC and the Comprehensive Plan support the proposed amendment.

One of the recommendations included in the 2021 Annual AHAC Report is for staff from the initiating department/ division shall meet with the Housing staff to discuss the impact of the policy on the cost of affordable housing. During the review of the proposed policy or regulation, the housing staff shall perform research on the impacts of that policy or regulation on housing cost and provide the results in the form of an impact analysis (Housing Impact Statement) to the AHAC at an upcoming meeting. It is expected that staff is going to develop the Housing Impact Statement template for AHAC review in 2022.

C. Other Incentive Strategies Adopted: After the review of the incentives conducted in 2021, the following recommendations were made:

# Modification of Impact Fees

a. Existing Strategy: In lieu of an impact fee reduction or reimbursement, the City of Kissimmee includes in its Local Housing Assistance Plan a strategy that gives developers a financial incentive

in the amount of \$20,000 as a contribution to affordable housing projects if they are participating in the Florida Housing Finance Corporation's funding process. In years when SHIP funding was not available the City Commission has waived building permit fees in the amount of \$20,000 as a local government contribution for the construction of affordable housing. However, this is not a standing policy.

b. Proposed Recommendation: Develop a policy to offer reimbursement of mobility fees and park and recreation impact fees for affordable housing developments based on a sliding scale related to the level of affordability and subject to availability of funding.

### Flexible Densities

- a. Existing Strategy: The Kissimmee City Code allows for a density bonus of 5% if the development sets aside at least 10% of its units as affordable housing. These units must remain affordable for up to 30 years.
- b. Proposed Recommendation: In order for developments to be eligible for a density bonus of 5%, the development must set aside at least 20% of its units as affordable housing. These units must remain affordable for up to 15 years.

## Affordable Accessory Residential Units

- a. Existing Strategy: Accessory dwelling units are permitted in most zoning districts provided they meet the requirements of the Land Development Code.
- b. Proposed Recommendation: City should not include attached Accessory Dwelling Units (ADU) in the density calculations for any of the zoning districts; however, the attached ADU should be included in the calculation for infrastructure for the purpose of calculating mobility fees, impact fees and connection fees. In addition, the City should remove the requirement that the principal structure be owner occupied.

# Public Land Inventory

- a. Existing Strategy: The current list, which was reviewed and adopted in 2019, includes all of the parcels of land owned by the City, not just those that are appropriate for the development of affordable housing.
- b. Proposed Recommendation: Housing staff shall prepare the inventory list of surplus land including only those parcels that are appropriate for affordable housing and to draft guidelines for a Surplus Land for Affordable Housing Program. The program shall include guidelines on parcel identification, oversight, disposition procedures, affordability requirements, etc.

#### Support of Development Near Transportation Hubs

- a. Existing Strategy: There is not a strategy to provide financial support of development near transportation hubs at this time.
- b. Proposed Recommendation: The City shall encourage housing developments that meet the

definition of either affordable housing or workforce housing and are located near transportation, employment centers, and/or mixed used development through available funding sources and/or regulatory incentives.

#### Other:

#### **Community Land Trust**

- a. Existing Strategy: There is not a strategy to support community land trusts at this time.
- b. Proposed Recommendation: The Community Land Trust model shall be evaluated as a potential program for affordable housing in the City of Kissimmee.

#### **Definition of Affordable and Workforce Housing Developments**

- a. Existing Strategy: There is not a strategy that defines affordable and workforce housing at this time.
- b. Proposed Recommendation: Affordable Housing Developments– Developments in which at least 20% of the units are set aside and meet the definition of affordable housing as defined in Chapter 420 of the Florida Statutes. Workforce Housing No separate definition was recommended since housing units set aside for persons earning between 80% to 120% are already included in the above definition.

Most of the recommendations listed above are expected to be adopted in 2022.
